Nicholas D. Wittenberg

Nicholas Wittenberg is an Associate Vice President with Deloitte in the Government & Public Services practice. He works on the implementation of Artificial Intelligence (A.I.) into the Federal family for Freedom of Information Act (FOIA) and privacy requests, litigation matters, regulatory investigations, in addition to working with state and local partners in implementing legal technology strategies.

Previously he was Detailed to The White House Office of Science and Technology Policy (OSTP) as Senior Legal Counsel. In this role he worked on matters including providing legal advice to The President's Science Advisor (The Director of The Office) and The U.S. Chief Technology Officer on constitutional law, Executive Orders, pending legislation, international agreements, ethics, fiscal and appropriations law, stakeholder engagement, public-private partnerships, administrative law, environmental law, government contracts, co-sponsorships, and information disclosure related to science and technology policy. Furthermore, he worked on policy matters involving artificial intelligence, data privacy, cybersecurity, lawful access, and end-to-end encryption in relation to Constitutional protections, regulatory frameworks, and Court opinions in navigation of the field. At Nicholas's home office, The United States Environmental Protection Agency, he was an Attorney-Advisor in the Office of Pesticide Programs. Additionally, he served on the Chief FOIA Officers Council Technology Committee, where he led the A.I. Working Group.

Nicholas is barred in Ohio and The District of Columbia, as well as admitted to The United States District Court for the Northern District of Ohio, and The Supreme Court of the United States. He obtained his B.A. in Political Science and his J.D. from The University of Toledo where he is involved on the College of Law Alumni Association Board of Governors as well as serves on the Dean's Cabinet
